MIGHTY MUSICIANS—Berlin Philharmonic Orchestra under the baton of Herbert von Karajan will play for the Provo audience Thursday evening. The famous orchestra is composed of 106 musicians.

# BYU Plays Host To Berlin Philharmonic

**HERBERT VON KARAJAN** will conduct the world famous Berlin Philharmonic Orchestra in the Brigham Young University Smith Fieldhouse at 8:15 p. m., Thursday.

The Berlin Philharmonic is the largest and most expensive orchestra ever to appear in Utah. They will present con-

certs in Salt Lake City and Provo, the smallest city on its itinerary.

**VON KARAJAN** is considered by many the foremost musical figure in Europe today. He is a principal conductor of the Philharmonic Orchestra of London, a leading maestro at La Scala, Milan, artistic director of the Salzburg Festival, director of the Society of Friends of Music in Vienna, a lifetime appointment and artistic director of the Vienna Opera.

This is the second American tour of the orchestra and the first transcontinental tour. Von Karajan was elected by the orchestra as its fourth permanent conductor during their tour in 1955.

**THE PROGRAM** consists of predominantly German music. Two Beethoven Works, "Symphony No. 7 in A Major" and "Overture to Egmont," Smetana's "The Moldau," and Wagner's "Prelude to Die Meister singer" will be performed.

Thirty-four concerts will be given by the orchestra in 44 days on this tour. The trip has important international significance and is under the patronage of His Excellency Heinz L. Krekeler, German ambassador to the United States.

**FOUNDED IN 1882**, the orch-

## Faculty Seating Switch At Cage Tilts Proposed

**A NEW METHOD** for distributing basketball tickets to members of the faculty and new faculty seating areas will be discussed Thursday evening.

Acting on the recommendation of an Athletic Council committee which recently completed investigation of the Brigham Young University ticket distribution methods, Dean M. Hartvigsen of the College of Recreation, Physical and Health Education and Athletics, Dr. Wayne B. Hales, Athletic council chairman, and Monroe McKay, student-body president, will present the plan at a faculty meeting.

**DEAN HARTVIGSEN,** Dr. Hales and McKay were scheduled to meet Wednesday evening to discuss final details for the plan and to arrange the presentation of the plan.

The plan recommended by the investigating committee calls for a separate entrance to the Smith Fieldhouse being set aside for faculty use, a shift in the faculty seating section and a new method of distributing tickets to faculty and staff activity card holders.

Other recommendations by the committee included the establishment of a student ticket committee and reconsideration of the policy of who may purchase student and faculty activity cards.

**THE TICKET** committee would coordinate and evaluate requests for special tickets in student sections for halftime shows, pressis and official parties.

Reevaluation of eligibility requirements for buying faculty and student activity cards would be aimed at cutting down on the number of persons who are not employees of BYU and receiving ticket privileges to basketball games.

## President At Home To Recuperate

President Ernest L. Wilkinson, who was returned to his home Sunday from the Latter-day Saints Hospital in Salt Lake City is reported "getting along very well."

According to Mrs. Wilkinson the president is still under a doctor's care." He is expected to convalesce at his home for several weeks.

Mrs Wilkinson said it is "indefinite" when he will be able to return to work.

The Brigham Young University president was hospitalized in Salt Lake City Oct. 5 for treatment for coronary occlusion.

## 'Professional' Floats . . .

## Set Float Standards, Council Recommends

Recommendation was made Tuesday that legislation be passed by the Brigham Young University Senate to set a standard basis for the building and judging of homecoming floats and decorations.

The BYU Executive Council, in its regular weekly meeting, drafted the recommendation, adding that a close control on expenditures also should be instituted for the construction of judged fixtures.

Recommendation was made after notice was called to the use by BYU homecoming pa-

rade float entrants of "professional" floats which were purchased or rented and altered slightly to fit the homecoming theme.

One of the trophy winners in Saturday's parade is said to have been a rented float modified slightly from the original, which won a prize in the Provo July 4 parade last summer.

In other action, the Executive Council decided to present a flower gift to Dr and Mrs Walther Mathesius, who will be on campus Thursday to establish the Mathesius Music Foundation at BYU.

The Executive Council will also travel as a group to the Denver University-BYU football game Saturday, Monroe McKay, student president, said.

The visit will be an offient tac in the series of student ti ter interchanges between schools in the area during the school year.

PREFERRING PREFERENCES—Coeds line up to vote for preferred men. More than 1,000 women had voted by 9 a.m. Wednesday. Polls opened Wednesday morning for dance which will be Nov. 16. (Photo by John Meeks)

## Coed's Choice Ball Voting Continues

At 6:45 a. m. Wednesday "Earthlites" beheld a sneak preview of the girls planning to attend the Preference Ball said Luana Bishow, Preference Ball chairman.

Stars shone upon almost 1,000 girls who made their choice and balloted for most preferred man.

For such an early start this figure stands fall against those of previous years.

Balloting will continue Thursday and Friday when the wise are having difficulty in making up their minds, she said.

## Campus Traffic Enforcement Promised by Security Officer

**STRICT** traffic regulations which went into effect Septem ber 26, must be observed " Capt Leonard K Christensen, security officer urged.

All students whether or not they are residents of Provo, are required to register their cars with the Security Office There is no charge for car registration

**STUDENTS** who wish to park vehicles on campus must first obtain a parking permit from either the Security Office or the treasurer's office in the Music building The fee is $5.

Parking spaces available for student use are in the following areas: Rainbow Garden parking lot west of the Smith Fieldhouse, north of the Smith Fieldhouse (in limited areas reposted) the lot north of the Harold Lloyd Center, and at the foot of the stairs on 8th North between 3rd and 4th East.

**ALSO RESERVED** for student use for short periods are the area north of the Student Service Center and east of Wymount Dining Hall.

Students living in Heritage Halls or Wymount Dorms may park their vehicles in lots provided accessible to those areas.

For 108 Students . . .

# Prison Library Asks For Books

A special plea is being issued to the studentbody this week for donations of used books for the Utah State Prison library.

The prison school's library, though ample for some, does not have the wide variety of material in demand by many students.

U. Jerome Cruze, principal, has appealed to all of the students in Utah to contribute textbooks from any course or subject.

You maybe never counted on
A drive to far-off Mars,
But if a car could do it,
It would come from Jack's used
cars!
PHONE FR 2-8148

A box has been placed outside the reading room in the Grant Library for any donations.

The prison school has 108 members enrolled.

## Frosh News Needs Staff

Freshmen interested in working on the frosh paper are asked to attend a meeting Thursday at 7 p.m. in 136 McKay Building.

Reporters, feature writers, photographers, and cartoonists are particularly being sought, according to Carlin Soule, co-editor.

Seven instructors from BYU spend two nights a week at the prison as faculty members. They are assisted by twelve inmates who have formerly specialized in various fields. Classes are held from 4:30 to 9:30 p.m., five day a week.

Books and equipment are needed especially. There are only six typewriters available for use in a 9-ping class of 40 students.

Additional facilities will help the inmates to get a high school diploma.

This school was put under the jurisdiction of Jordon School District last February. Twenty-six members of the school are scheduled to receive high school diplomas in January.

# Frosh Court Council Hits Snag, Administration Awaits Verdict

BRIGHAM Young University's administration is awaiting recommendation by the freshman court council regarding the melee at the frosh court in October.

The council was organized early in October to investigate a disturbance at the frosh court Oct. 3. The court, ironically called "Frosh Frenzie," ended in fracas when several students ran onto the stadium field and began throwing pies, eggs and buckets of water at freshman students. Two freshmen were injured in the confusion that followed and had to be hospitalized.

THE COUNCIL, set up under the direction of studentbody president Monroe McKay, includes seniors Virgil Anderson, Calgary, Alta., Canada, and Jack Wallendorf, San Diego, Calif. Junior representative Gus Schoffelar, Salt Lake C and sophomore Rex Gred Los Angeles, Calif. Fresh are Roy Ormen, Bountiful, Clayne Robinson, Boise, Id

John Wilcox, Calgary, A Canada, is chairman. Sel class president Mike Yost and freshman class presi Sloan Hales are also m bers.

THE COUNCIL was aut ized by both the student administration to investigate the incident. administration announced it would not take action the hearing from the student nucleus.

According to Wilcox, council's efforts to reach a decision and recommendation to the administration h been hampered by minu standings on the part of council as to its authority. some shielding students were responsible for the c incident have also slowed ... to the council, Wil ...

AT THE time of its organization the council members understood that its function w be as a judiciary body. H ever, the sole purpose of council, according to charg Wilcox, is to investigate the cident, consult with the cul and recommend further ac to the administration.

After counseling with dents who have a "poor tude" about the affair t names are to be recommen to the administration for ther counseling and pos punitive measures.

Wilcox said the council p to meet Monday evening all the students involved in incident.

# Orchestra—

(Continued from page 1)

estra survived the heavy losses of World War II to perform for occupation troops. Its permanent home was destroyed and its library irreparably damaged in the bombings of Berlin.

Its first American tour in 1955 was a gesture of gratitude from the City of Berlin for the airlift. The orchestra has been a vital factor in the cultural restoration of Germany.

Tickets are still on sale in the Smith Fieldhouse ticket office. Prof. Herald R. Clark, BYU Lyceum chairman, said that schools and music groups from points in Colorado, Wyoming, Idaho and Southern Utah have ordered blocks of tickets.

Orchestra management has declared the "Berlin Philharmonic" has one aim, to create joy through great musical art, and in achieving its aim, the orchestra has contributed to closer international understanding through the universal language of music."

# 3 Journalists Fly To Ohio Confab

Three representatives from Brigham Young University publications left Wednesday to attend the annual conference of the Associated Collegiate Press, Nov. 9-10 at Cleveland, Ohio

Members of the BYU delegation are: Robert L. Pratt, Denver, Colo., art editor of the Banyan, "All-American" student yearbook, Sally Ann Arnold, Hermosa Beach, Calif., campus editor of the Daily Universe; and Dr. Oliver R. Smith, chairman of student publications.

The student newspaper and yearbook delegates will attend sessions devoted to editorial problems of college publications, and Dr. Smith will participate in departmental meetings for business managers and advisers. He will also attend the annual meetings of the National Council of College Publications Advisers, in which he is regional director for the Rocky Mountain area.

# Musicians Initiat To Present Recit

Epsilon Chi chapter of Phi Epsilon, national music rority, presented its pledge a recital Wednesday evening the home of President and S William F. Edwards.

Numbers included in the gram were a piano solo Sharon Simms, Mu Phi Eps scholarship winner; and an iginal piano composition formed by Joyce Mills.

Violin solos by Barbara J Barry and Anna Marie Sole a piano solo by Phyllis Pulsi a violin duet performed by J Nisbet and Barbara Barry a vocal solo by Mrs. R Woodward were also heard.

## 'Game of Kings' Opportunity Given Students

(Ed Note This article is fifth in a series featuring Brigham Young University service, geographical and departmental organizations.)

Every Brigham Young University student has the opportunity to learn the "Game of Kings" The BYU Chess Club offers special instruction for beginners every Monday night

Club meets every Monday from 7 p m to 10:30 p.m in 157 McKay Building. Beginners classes are held the first hour and the remainder of meeting intra-club tournaments are played.

Chess Club was organized on campus last autumn quarter under the direction of Prof. Harvey Fletcher, Jr. Last year members played two tournaments with the University of Utah and won both contests

Plans for a tournament with faculty members are being made, and in the future members will participate in tournaments with other universities in the intermountain area.

Chess Club membership is open to everyone who plays chess or wants to learn. If enough interest is shown in the beginning, group tournaments will be set up so the beginners can play those of their own skill

President of the club was Lorei Bentley, who died earlier in the week at the Utah Valley Hospital He was the best player last year

James Shaw, Driggs, Ida , is vice president, and Velda Skinner, Safford, Ariz , is secretary

## Exchange Planned By Frosh, Seniors

The senior-freshman party scheduled for Saturday night will be highlighted by a race to determine which is the better class attendance-wise

Party will begin at 8 p.m in the Social Hall, and admission is free to seniors and freshmen.

Marilyn Milne, party chairman, announces that the program will feature games and dancing Refreshments will be served

# Frosh Gridders Go Against Snow In Saturday Tilt; Kittens Favored

by Jerry Cunningham

FRESHMAN Coach Max Tolbert will turn his undefeated Kittens loose against the Badgers of Snow Junior College Saturday.

Football fans in the region will see one of the greatest BYU freshman teams of all time make their home debut at 1:30 in Cougar Stadium.

In virtue of their runaway rating Utah State's frosh and Davis Junior College, the Kittens loom heavy favorites to vanquish Snow.

THE BADGERS were edged 12-7 by Dixie Junior College; BYU's frosh bombed Dixie 53-6. In their opener at Logan the Kittens whistled past Utah State's Ramblers 31-7.

Tolbert reports that aside from several minor injuries his team is at full strength.

THE KITTENS have been working hard all week on sharpening their ground and pass pattern and on defense.

"We're not pointing for the Utah game the following week," said Tolbert. "We play 'em one at a time and this time it's going to be Snow."

"I can't hold these guys back. Even if I wanted to I couldn't hold the score down in any of their games. I put the reserves in, who are fresh and eager, and they run up the score all the more," Tolbert smiled.

THE KITTEN mentor announced that he would probably start Ron Startin at quarter back, who has phenomenal 70 per cent pass-completion average.

Along with Startin in the backfield, "Machine Gun" Joe McGinn, Wayne Chamberlain and Keith Hubbs will see a lot of action.

McGINN, Chamberlain and Hubbs have racked up "yards aplenty" in the first two Kitten outings. "Flash" Chamberlain has skirted the ends "ala Glen Davis" with "Spoke" Hubbs being a pillar on offense and defense and McGinn scampering every which way, according to Tolbert.

The freshman coach, a former lineman, had nothing but praise for his forward wall. "We don't know for sure who we'll start on the line," he said, but Lonnie Dennis, Tom Forestone, George Kinder, John Kapele, Rex Reeve, Thom Blohm, Gary Merrill, Dick Woolstenhulme and Jay Goldman will see action.

Tolbert reports that little is known about Snow, except that they have a light, fast squad who will probably take to the air lanes against BYU's stubborn line.

LOOKS NICE!—Admiring the Supremacy Trophy awar "Gone Johns" for the best all around participation in the int program last year are (l. to r.) Dave Pinkney, Bill Hafe mural director, and George Pinkney. (Photo by John

GRADUATES in
Engineering
Physics
Mathematics
*interested in Missile Systems research and development*

*The technology of guided missiles is literally a new domain. No field of engineering or science offers greater scope for creative achievement.*

Research and development at Lockheed Missile Systems Division cover virtually every field of engineering and science and have created new positions for graduates possessing outstanding ability in the following fields:

**Electronics**
Research and development as applied to missile systems and associated equipment.

**Computers**
For solution of complex problems and missile guidance.

**Systems Engineering**
Research and development in missile systems.

**Antenna Design**
Related to missile guidance.

**Communications**
In the broad area of information transmission.

**Electromechanical Design**
As applied to missile systems and related equipment.

**Instrumentation**
Associated with aerodynamics, physics and electronics.

**Physics**
Theoretical and experimental aero-physics, upper atmosphere research, optics and nuclear physics.

**Structures**
Structural design and analysis of missile systems.

**Thermodynamics**
Aerodynanfic heating and heat-transfer problems.

**Aerodynamics**
Concerning performance of missile systems.

**Dynamics**
As related to missile body flight problems.

**Operations Research**
Applied to tactical weapons operations.

**Advanced Study Program**
Graduates in Physics, Electrical, Aeronautical and Mechanical Engineering are invited to contact their Placement Officer regarding the Advanced Study Program which enables students to obtain their M.S. and Ph.D. Degree while employed in their chosen field.

**M.S. and Ph.D. Graduates**
The complexity of missile systems research and development has created a number of positions for those completing their M.S. and Ph.D. degrees. The positions carry immediate responsibility commensurate with the advanced academic training and experience required.

*Representatives of the Research and Engineering staff will be on campus*

Tuesday, November 13

*You are invited to consult your Placement Officer for an appointment.*
